Drill Down Visuals Cheat Sheet

zoomcharts®

Create reports using a suite of Drill Down visuals to achieve intuitive usability, cross-chart filtering, and interactive drill-downs for data-driven decision-making.

ZoomCharts visual	Use it if you want to build one of these charts
	(Please note that some of the functionality available in Power BI built-in charts is not available in ZoomCharts visuas and vice versa)

Drill Down Combo PRO (filter)
Combine line, area, and column charts for categorical data.

For categorical data:

- Column chart
- Area chart
- Stacked area chart
- Line chart
- Stacked column chart
- Clustered column chart
- 100% stacked column chart
- Line and stacked column chart
- Line and clustered column chart
- Various other combinations of line, area and columns charts (regular, stacked or clustered)

Drill Down Combo Bar PRO (filter)
Accompanies vertical line, area, and column charts for categorical data.

For categorical data:

- Bar chart
- Line chart
- Area chart
- Stacked bar chart
- Clustered bar chart
- 100% stacked bar chart
- Various other combinations of line, area and columns charts (regular, stacked or clustered)

Drill Down Timeline PRO (filter)
Explore time-based data using DAX calculated measures.

Drill Down TimeSeries PRO (filter)
Explore time-based data in a simpler manner.

For date and/or time-based data

- Column chart
- Area chart
- Stacked area chart
- Line chart
- Stacked column chart
- Clustered column chart
- 100% stacked column chart
- Line and stacked column chart
- Line and clustered column chart
- Various other combinations of line, area and columns charts (regular, stacked or clustered)

Drill Down Waterfall PRO (filter)
Illustrates changes in values over a sequence of categories.

- Waterfall chart

Drill Down Pie PRO (filter) Shows parts of a whole in a circular format. Use this as a filter for your report.

- Pie chart
- Pie chart shaped as gauge

Drill Down Donut PRO (filter)
A ring-shaped chart displaying parts of a whole.

- Donut chart
- Pie chart
- Pie chart shaped as gauge

Drill Down Map PRO (filter)
Visualize location data on maps that are easy and intuitive to explore.

- Map
- Filled map
- Other map chart variations

Drill Down Graph PRO (filter)
Map and explore relations among data points, identify outliers and discover patterns.

Drill Down Network PRO (PIN)
Explore networks from category-based data

- Graph and network charts

Drill Down Scatter PRO (filter)
visualizes data relationships, trends, and correlations across categories

- Scatter chart
